VOL. VI. RENO. WASHOE COUNTY, NEVADA, MONDAY, NOVEMBER 17, 1878. NO. 43

The Clothing War.

EDITOR GAZETTE: In the *Journal* of October 3d, I find an announcement signed L. Abrahams, of the White House. This announcement sets forth that other dealers in clothing keeps "humbug shops" and offer "unsalable goods" to the public. He also believes that these humbug dealers "lie to decieve the public." I represent, for my part of the humbuggery, Mr. Editor, I represent that when I offer "unsalable goods" I always suffer for it, and not Mr. Abrams. The people have worn my goods long enough to know better than Mr. Abrahams whether they com from a "humbug shop" or not. During my many years residence and business in Reno, I have made my own reputation and it is safe from the interested charges brought by this newcomer at the White House.

Now, whether I keep a humbug shop or not, I shall continue to sell the best goods in market and at the lowest rates. I shall SELL men and boys clothing cheaper than "Whitey" can BUY them. I shall keep more goods, and a resher stock always on hand. And all of these assertions, so far from being "lies to decieve the public" can be proven by my patrons during fair week as they have been proven any time during the past ten years.

M. NATHAN,
oct-7-tf Virginia Street.

A CARD TO THE PUBLIC.—I do no sell any goods 20 per cent. below cost, or even at cost, but I offer my first-class stock of clothing, furnishing goods, boots and shoes, hats and caps, trunks and valises, etc., which have been bought for cash at the lowest market rates. Therefore I wish the public to post themselves on my prices before going to the humbug shops where they are always drumming into the ear that they are selling at cost. or below cost. They either bought unsalable goods or they lie to deceive the public; they don't deserve to be patronized. Remember the One Price Store—The White House—No. 19 Commercial Row, next door to the postoffice. L. ABRAHAMS.

SPECIAL NOTICE.—Dr. H. Cohen, of New York, the most celebrated Opticain that ever visited the Pacific Coast, has arrived and will remain at Barnett's store, corner of Commercial Row and Virginia street, two days. BULLDOSED AGAIN.

In this era of good-feeling and harmony, we have no political excitement in the North, save that which is caused by the fall or rise of some Tammany leader, or the contortions of some anxious Democrat. The methods employed in bulldosing Republicunism south of Mason & Dixon's line are still interesting, however, and the good people of that region seem intent on keeping the matter before the public. Each year they offer new illustrations, and each election they invent some new plans. The S. F. *Alta* tells of the latest experiment in this line as follows.

The reports of most outrageous election frauds at the South continues to burthen the wires and occupy the press. Even the journals of the South, some of them, are forced to confess to the rascalities committed, and even to condemn some of them. One of the late reports is to the effect that in the third Georgia district, the candidate, Wade, who had received a majority of three thousand votes, has been counted out, enough votes has been thrown out to leave his competitor a majority. In Florida, the Republican candidate, Bisbee, was elected by a very handsome majority. But the returning board threw out votes by the hundred, until they reduced his majority to a minority. And their reason for doing this was that a United States Marshal had said, just before election that, if necessary, he would appoint a million of deputies, and not one of them should be a Democrat. Is that a valid reason for depriving citizens of their rights of suffrage?

It is to the credit of some of the Georgia and Florida journals that they not only express surprise at the latest reports, but virtually condemn the methods by which such results were reached. That Florida returning board deserves condemnation by the people of the South, themselves, for the reason they give for their action is a disgrace to themselves and an insult to the Southern people. It is, that the reported threat of the U. S. Marshal to appoint, if necessary, a million deputies, and that not one of them should be a Democrat, had he the effect of so frightening the Democratic voters that many of them did not dare go to the polls. That is an accusation which, in defense of Southern men, we take upon ourselves to deny. No honest voter would have any reason to fear the presence of any number of deputies or Marshals, and no such cause kept any man from the polls. The plea was made to cover up a rascality which the house should condemn.

It remains to be seen now what steps President Hayes and his cabinet will take in ordr that American citizenship may be vindicated. If he remains concilatory it is time that we recognize [states rights and the right of secession.

WOMANS' RIGHTS.

The question of woman suffrage is now agitating the constitutional convention at Sacramento and the *Record-Union* has this to say regarding it:

"The committee on suffrage have reported in favor of removing the restriction upon the suffrage on account of sex. We do not think the convention is likely to favor woman suffrage, or even to leave the question to the legislature, but we are satisfied that the logic is all on the side of the advocates of female enfranchisement, and we believe in consistency so firmly that we should like to see the issue fairly tested by experiment. There are no arguments possible against woman suffrage. The opposition to it is based upon educational bias, and the possession of political power by the sex which has the decision of the question in its hands. Women are refused the suffrage principally because it is perfectly safe to refuse them, but they have as sound a right to it as men can show, and some women possess much better right than some men. We think the convention could afford to leave the question open. The community has not yet grown up to it fully, but opinion upon such opinions is rapidly becoming more enlightened, and it is quite conceivable that five or ten years hence the majority may be in favor of it.

A Boston child was at the point of death from water on the chest. Its parents would not consent to a surgical operation, although told that nothing else could save his life. The physician got a priest and several nuns to interfere, but their arguments had no effect. At length the society for the prevention of cruelty to children took forcible possession of the little patient, who was then cured by the physician.

Among those who died of the plague just before the frosts came in New Orleans was a man who had deserted his wife and five children in Indiana, disposed of most of her property and converted it into hard cash, and then eloped with a servant girl employed in their house. The girl herself had died of the fever five days before.

EDITORIAL NOTES.

John S. Mayhugh, of Elko, is favorably mentioned for speaker of the assembly.

The tie in White Pine county over assemblymen Green and Ellison has been decided in favor of Green by four votes.

The White Pine *News* has suspended publication. The *News* has run ever since 1870 and now closes because of decline in Hamilton.

The polygamous women of Salt-Lake have been resolving in opposition to their Gentile neighbors. They want a new amendment which shall legalize their system of prostitution. What they need more is a special crusade which would with fire and sword cleanse the foul nest of Mormonism and cause these villainous churchmen to respect the laws. The amendment which they would make in behalf of Utah wonld put several of its prominent citizens in jail.

The New Brunswick Railroad Accident.

BANGOR, Maine, November 15.—A special from Carlenton, New Brunswick, says: The New Brunswick railway cars ran off the track near Florenceville, last night. A passenger car containing twenty passengers took fire and was burned, and Mr. Parker, of Fort Fairfield, was killed. A child was burned and fifteen persons were injured. Parker is supposed to mean Hacker. Other dispatches state that Nathan Perry, of Presque Island, who was formerly proprietor of the Hatch house, in this city, was also killed and burned. A passenger gives the following account: The train was going at a moderate rate of speed when we reached Peel. Suddenly there was a shock. The train had jumped the track, and we found that the car was rolling down one of the worst embankments on the line. The car had almost reached the water's edge, when it was discovered that it had caught fire. The flames spread rapidly. Men took off their coats and tried to extinguish the fire, but without avail. The flames had complete possession, and leaped from seat to seat, rendering the passengers almost frantic with fear. The clothing of those aboard soon caught fire, and as the people rushed from one part of the car to another in burning garments, the scene was most terrible.

The little boy who was burned to death had managed to keep clear of fire long after the clothing of many of the other passengers had caught, but in his anxiety for the safety of some of his friends he rushed into the flames and perished.

Indian Affairs.

CHICAGO, November 16.—A *Tribune* Washington special says: Secretary Schurz will probably call upon General Sheridan, through the secretary of war, for an explanation of several charges made against the management of the Indian Bureaur General Sheridan seems, in fact, to have made a slip in his report, relative to the removal of the Red Cloud and Spotted Tail bands from the Missouri river. This General Sheridan severely condemns as in the interest of traders and speculators. It happens that the removal was made against the wish and protest of the interior department by direct order of the president, at the request of the Indians themselves, who threatened hostilities unless permitted to remove to a reservation of their own selection. The removal was made upon the recommendation and under the direction of General Crook, one of the army officers who has been most successful in his conduct of Indian affairs. Secretary Schurz in his forthcoming report will have a special paper on the Cheyenne outbreak, in which it will be maintained that the Indians were not only well fed in the agency, but left it well supplied with subsistence.

Financial.

WASHINGTON, November 16.—The treasury department has begun the purchase of gold bullion at Denver, Col., purchasing directly from the mines and paying them in greenbacks. The department expects to buy at least $20,000 a week for some time, and to extend its purchase to all gold of the Black Hills country. The treasury department will pay miners the full value of their gold, charging only the cost of assaying, and sending it to Philapelphia to be coined at the transportation rate of 58 cents per thousand or as third class mail matter. The treasury will pay for whatever silver may be found with the gold, when the value is over 50 cents in the amount offered for sale.

He thinks he is on the threshold of success, and within two weeks will illuminate Menlo Park with his contrivance.

Arrests for Stealing Stewart's Body

NEW YORK, Nov. 16.—Detective Field, of the district attorney's office, said to-day that four men had already been arrested on suspicion of stealing Stewart's body. The detective declined to give names, but asserts that the connection of these men with the outrage is settled almost beyond a doubt.

MATRIMONIAL INFELICITY.

A Woman Thrice Married and Twice Divorced.

[S. F. Chronicle]

The case of Elizabeth P. Howell vs. Henry B. Howell, an action for divorce on the grounds of adultery and extreme cruelty, which had been pending for about a year past, came up again yesterday before Judge Dwinelle in the fifteenth district court on an order to defendant to show cause why all proceedings should not be stayed until the payment of counsel fees and alimony. The motion was denied, and at request of defendant's counsel the court issued a commission for the taking of the testimony of D. W. Heywood of Barre, Massachusetts. This gentleman was married to plaintiff in October, 1848, and separated from her in 1858. Two children, both of whom are now living in this city, were the result of the union. In 1863 plaintiff became the wife of Charles C. Northrup, but dwelt with him only one year, and in 1870 she was wedded to Henry B. Howell, the defendant in the present action, and they have had two children, Grace and Burr. Mrs. Howell, who is better known by her stage name of Lizzie Parker Northrup, is a vocalist by profession and came to this city during the period between her first and second marriages, under engagement to Thomas Maguire. Heywood, her first husband, according to plaintiff's statement, procured a decree of divorce from her in the city of Boston, on the grounds of desertion, about the legality of which there now appears to be some question. Northrup, her second mate, so she avers, was a man of wealth and good habits when she was united to him, but soon became dissipated, and leaving her with the care of Heywood's two children, went from New York to Chicago, and there, as she supposes, obtained a divorce; but the records of the court were afterwards destroyed by fire, and the matter is veiled in a little uncertainty. In the action now pending, Mrs. Howell appears for the first time in the character of plaintiff in the course of a series of marital mismatches, alleges cruelty and adultery against her present spouse, and prays the court for a division of the common property and the custody of the children. Howell, in his answer, makes a general denial and files a cross-complaint asking that his marriage with plaintiff be annulled, for the reason that she was the wife of another at the date of her pretended union with him. Some time since, on the report of the court commissioners to whom the case was referred, Judge Dwindle made an order directing befendant to pay the fees and the sum of $40 per month alimony to plaintiff. Defendant claimed that he had no property, whereupon an execution was issued and part of the amount collected. The question of divorce and the legality of the marriage still remains in statu quo.

The Contest in Florida.

TALLAHASSEE, Nov. 16.— The supreme court met to-day in response to a petition numerously signed by citizens to act on the petition for a mandamus compelling the canvassing board of Alachua county to make a canvass of all the returns of the county, three precincts having been thrown out. Notices were served on the members thereof, but they did not appear or make answer to the court. Judge Baker of Jacksonville appeared for the board but he had had no consultation with his clients and wanted time. The court then adjourned from 11 to half past 3 to-day, when the matter was argued and the court granted an alternative writ of mandamus against the canvassing board of Alachua county returnable Wednesday next. Mr. Bisbee gave notice that on Monday he should ask for a writ of mandamus against the inspectors at precinct No. 4 in Madison county, to compel them to make a return of the election at that precinct. Bisbee claims that he has about 200 majority without this latter precinct, if the votes are counted in Alachua county. Senator Conover, who was beaten for congress in the first district, according to the Democratic way of making returns, has decided to contest the election.

Lying Diplomatically.

The correspondent on an English paper calls to the mind of Shere Ali, Ameer of Afghanistan, the solemn declaration which, on the occasion of the celebrated Durbar on 1869, he privately and emphatically made to the late Earl of Mayo, then governor-general of India, who, in token of existing friendship, had presented the Ameer with his own sword. "I accept the sword," said the Afghan ruler," as a token of peace with England, against which country it shall never be unsheathed. When I look upon this sword it shall mean to me, 'Peace with England.'

A Positive Definition of the Southern Policy.

NEW YORK, Nov. 16.—A correspondent telegraphing from Washington says: President Hayes, when appealed to for an authorized announcement regarding his position toward the South and his intentions with reference to the violation of law at the recent election, went to his desk, and taking a pamphlet copy of his last message to congress, turned to the fourth page and said: "My position has not changed toward the South. It is the same now as when I wrote my letter of acceptance, my inaugural address and my message to congress a year ago. In my message I said that it should be our fixed and unalterable determination to protect by all available and proper means under the constitution and laws the emancipated race in the enjoyment of their rights and privileges. Whatever authority rests with me to this end I shall not hesitate to put forth." The President read the last sentence with emphasis.

ARRESTS IN GOTHAM.

Recent Robberies Unraveling.

NEW YORK, Nov. 16.—Henry Vreeland, alias Henry Burke, and Henry Wahlen were arraigned to-day in the police court on some charge not made public. Judge Morgan said to the reporters: "I have received important and valuable information enough to justify me in holding them, but beyond this I cannot say anything more, as it would not be doing justice to the police, and moreover, I could not conscientiously do it." Counsel for the prisoners said he could not tell whether they were charged with the robbery of Stewart's grave or the Manhattan savings bank, but the latter was the general impression. Superintendent of Police Walling said to a reporter to-day: "I don't know anything of any arrests whatever having been made in this Stewart case. If there is any arrest, I assure you on my honor I know nothing of it." The men who get up the sensational stories for the morning papers know absolutely nothing about the case.

Captain Byrnes of the police station where the men are confined refused to say whether they were arrested for stealing Stewart's body; but said, however, that there were no prisoners in his stationhouse for bank robbery.

Inspector Dilkes, at the police central office, stated that he could not say whether anything would grow out of it, but that there might.

Two woman came to the stationhouse with bundles for the prisoners, and then left. The women were shadowed at every step by the police officers, and it was evident that the most rigorous restraint had been placed upon them to prevent anything of what they knew being given to the reporters. However, it was learned that a Mrs. Wright lived on the top floor of No. 402 east Twelfth street, with whom the person named Baker has been living for some time past. Her husband is in jail for passing counterfeit money. Baker was not at home, but Mrs. Wright herself was encountered, and proved to be one of the women who visited the stationhouse. It now turns out by her admission that "Baker" was Whalen, one of the prisoners, and that Burke, the other prisoner was her brother. Whalen was arrested on Thursday for complicity in the Stewart robbery case. Burke was taken on Tuesday night at his mother's residence on 109 east Fortieth street. To-day the police ransacked Mrs. Wright's room and siezed all her papers and some belonging to her brother Burke. She said both men were speculators and "crooked." Mrs. Wright claimed to-night that Burke at least is innocent, and that she can clear him of all suspicion when she gives an account of his movements from before the Manhatan bank burglary up till after the Stewart sacrilege.

Paternal Government.

Colonel Ingersoll says he keeps a pocket-book in an open drawer, and his children go and help themselves to money whenever they want it. They eat when they want to and what they want to. They may sleep all day if they choose, and sit up all night if they desire. I don't coerce them. I never scold; never punish. They buy their own clothes and are masters of themselves." If the people want a paternel government they ought to elect Bob President. Just think of a pocket-book always on tap. It beats all the other ideas.

Mutual Ice Company.

John Cashin, president of this company, informs us that the recent blowing down of the company's building, then in process of construction near Verdi, will not be allowed to interfere in any way with the manufacture of ice this winter. Again.

A small stock has lately come into notice which promises to put a little money into the pockets of a number of our small stock buyers. We allude to the North Bonanza. We had it shoved at us for 50 cents, and now that it quotes at four and five dollars, we feel just a little of the old Sierra Nevada regret stealing over us. But why one stock went down and others went up is just a little puzzling to our good nature.

Farm to Lease.

Hon J. P. Foulks of Verdi advertizes to-day his desire to lease a farm near Verdi. The land is about one mile from Verdi, 300 acres in extent, has plenty of water ready at hand and will compare for favorable locality and fertility with any land in this state. The ranch will be leased for one year or a term of years, and it willalso be let in lots to suit. Apply to the proprietor immediatly, and remember that everything you can raise finds a ready market in Verdi. Here is a chance for someindu strious man.

The New Church.

The services at the Episcopal church yesterday were accorded a new charm by reason of the imposing appearance of the inside finish of that church. Rev. Mr. Jenvey has done an excellent work, and is an energetic rector. Those who assembled at Trinity church to worship sabbath after sabbath and beheld those rugged walls, yesterday felt a real pleasure in admiring the neat and comfortable appearance of their almost new Bethel. Bishop Whitaker has a father's eye and heart for the church interests of the Rev. Mr. Jenvey's flock, was in his best spirits. His discourses, both morning and evening were most appropriate and were listened to by large congregations we hail the present success and future prospects of this growing parish.

Solid Merit Will Tell.

For all the bitter opposition of jealous rivals, no better illustration could be had of this fact than the immense sale already attained by the great Throat and Lung Remedy, Dr. Aug. Kaiser's German Elixir. For the cure of Coughs and Bronchial Affections it is truly wonderful, even those suffering from Consumption in advanced stages find great relief, and numbers of patients have found, to their delight, not only relief, but cure. It being perfectly harmless makes it at once popular with mothers, who of all others have felt the necessity of such a medicine. The genuine bears the Prussian Coat of Arms, the fac-simile signature of Dr. Aug. Kaiser, and has his name blown on every 75-cent bottle. A trial size may be had at the drug store of OSBORN & SHOEMAKER. aug7 eod

POLYGAMOUS WIVES.

They Ask for a Sixteenth Amendment to the Constitution Legalizing Their Pernitious Doctrine.

SALT LAKE, Nov. 16.—One of the most remarkable meetings ever held in the country took place this afternoon in this city. The remarkable spectacle of 1200 polygamous women parading their shame to the world is one not soon forgotten. There were old and young women, ugly, scrawny and cadaverous, of all nationalities. The ostensible leaders of the movement were the sixth wife of D. H. Wells, known by the name of Emmeline, and the tenth widow of Brigham Young, better known as Eliza R. Snow, but behind the theatre scenes, with his mouth to a hole in the curtain, stood George Q. Cannon, delegate to congress, prompting the women on the stage, who were but puppets in the hands of the august apostate of polygamy. Eliza R. Snow presided and stated the object of the meeting. She said if congress was composed of polygamists the members would be purer and better men, and would pass better laws. Our husbands, she said, were pure and virtuous, and the women of the United States, instead of persecuting polygamous women, should protect them.

RESOLUTIONS.

Several speeches of a similar tenor were made, when the following resolutions were introduced and unanimously adopted:

WHEREAS, We, the women of the church of Jesus Christ of Latter Day Saints have been misjudged and misrepresented to the nation by those in the midst of our own sex in regard to our most sacred rights—the rights which pertain to the holy relations of wifehood and motherhood—we do hereby earnestly and emphatically declare our true sentiments, and invite a thorough and impartial investigation of our cause; therefore

Resolved, That we, the women of the church of Jesus Christ of Latter Day Saints, and legal American citizens claim the right guaranteed by the constitution that congress shall make no law respecting an establishment of religion, or prohibiting a free exercise thereof—a right which we seek to exercise not to the injury of others, but within the pale of peace and justice, life and liberty, and the pursuit of happiness according to the dictates of our consciences.

Resolved, That we protest against the enactment of any laws which deprive American citizens, whether male or female, of constitutional rights, and that we make a united effort to secure the unanimous voice of the women of our faith to plead the passage of a sixteenth amendment during the coming session of congress.

Resolved, That we do truly appreciate the efforts and labors of the noble ladies of the National Woman's Stffrage association, through opposed in their feelings to plural marriage, and without sympathy for our views, bravely defended the cause of woman's rights in Utah in the halls of congress, and take this public opportunity of tendering them an expression of sincere and heartfelt thanks.

Resolved, That we solemnly avow our belief in the doctrine of the patriarchal order of marriage a doctrine which was revealed to and practiced by God's people in past ages, and is now re-established on earth by divine command of Him who is the same yesterday, to day and forever—a doctrine which, if lived up to and carried out under direction of the precepts pertaining to it and of the higher principles of our nature, would conduce to the long life, strength and glory of the people practicing it. We therefore indorse it as one of the most important principles or our holy religion and claim the right of its practice.

Resolved, That the women of Utah memorialize congress setting forth their grievances, and that they take such other justifiable steps as may be necessary to defend themselves against the ruthless and violent assault now being made upon their sacred and constitutional rights.

The sixteenth amendment to the constitution, as constructed by these women, is to protect and legalize polygamy.

FELLOW'S

COMPOUND SYRUP OF HYPOPHOSPHITES.

THIS DISCOVERY

Is the result of a series of Scientific Experiments based upon the theory that "for the successful cure of Wasting Diseases, the nervous system must be made vigorous and healthy."

One of the first symptoms of disease affecting either the Liver, Lungs, Heart, Stomach, or Genital Organs, is a loss of nervous power. This is followed by muscular relaxation, weakness, and emaciation of all the organs which depend upon them for health or involuntary muscular action, the weaker suffering first.

The Inventor, acting upon this idea, that the muscles and nerves depend upon each other for efficient strength and action, and that they must be treated directly in order to speedily and permanently cure diseases of the organs which they control, became convinced, after months of experiment, that no other preparation produced such potent and direct effects upon the nervous system as his

Compound Syrup of Hypophosphites

and except in cases of actual organic loss, that it would restore patients suffering from those maladies.

Amongst the diseases overcome by the use of this remedy are the following:—

Chronic Constipation,
Chronic Dyspepsia,
Asthma,
Chronic Bronchitis,
Consumption,
Chronic Diarrhœa,
Chronic Laryngitis,
Melancholy,
Nervous Debility.

Debility, resulting from Typhoid and other low fevers, Diphtheritic Prostration, Hysteria, Hypochondria, Nervous Excitability, Marasmus or Wasting of the Muscles, Aphonia or Loss of Voice, Sluggishness of the Liver, Interrupted and Feeble Action of the Heart, SUFFOCATING FEELINGS caused by mucous obstruction of the Lungs and Air Passages leading thereto, and Debility from various causes.

Indigestiveness and habitual Costiveness almost always arise from weakness of the muscles and nerves of the stomach and bowels. In such cases, Fellows' Compound Syrup of Hypophosphites has proved itself of the greatest service by inducing healthy peristaltic action of the intestines. The evacuations soon become copious and healthy, without producing the effect of purgative medicine.

Weakness of the JOINTS and MUSCLES, IMPURITY OF THE BLOOD, and INWARD WASTINGS may be cured by attention to the regular described doses, and by due regard to the habits of life.

FELLOWS'

Compound Syrup of Hypophosphites

The power of arresting diseases displayed by this preparation is honorably acknowledged by the medical faculty in every section where it has been introduced, and the large sale is the best guarantee of the estimation in which it is held by the public

This syrup will cure PULMONARY CONSUMPTION in the first and second stages, will give great relief and prolong life in the third. It will cure ASTHMA, BRONCHITIS, LARYNGITIS and COUGHS. It will cure all diseases originating from want of MUSCULAR ACTION and NERVOUS FORCE.

DOWN WITH THE GRABBERS

NO MORE SWINDLING!

NO MORE CHEATING!

NO MORE EXTORTION!

It now lies within the reach of every hard-working Farmer, Miner and Mechanic to obtain his necessities at their realvalue, and quit enriching the grabbing and unscrupulous Store-keepers who do not hesitate to take the last penny from a hard-working man, woman or child.

THE MECHANICS' STORE

Whose reputation for straightforwardness and square dealing is known far and wide, and needs no further comment, employs an army of clerks for the sole purpose of filling COUNTRY ORDERS, and thousands living outside of Sacramento avail themselves of this chance, do all their buying by sending orders direct to the Mechanies' Store, and thereby avoid paying enormous prices to the merciless grabbers who infest every city and town on the coast.

The method upon which the Mechanics' Store is conducted is universally known; yet, for the benefit of some who may not know, we will here repeat it. It is as follows: Every article in the house is bought at the lowest market rates, to which only a small profit is added. The price once fixed is marked in plain figures on every article, and in never deviated from, thus giving the poor judge of goods a chance to suyply his wants as low as the most expert buyer.

Nothing is Misrepresented! No Faults are Concealed!

All are treated alike—a person living 500 miles away sending an order obtains the goods at precisely the same prices as customers who are present to select for themselves. All goods are cheerfully exchanged, and in cases where nothing suitable can be found the money will be willingly refunded.

OUR FALL STOCK

Is rapidly coming in, and will shortly be complete in all departments, which consists of Men's and Boys' Clothing, Dry and Dress Goods, Fancy Goods, Notions, Men's Furnishing Goods, Hats and Caps, Millinery, Boots and Shoes, Trunks, and Valises, Chromos, Pictures and Frames.
